I-30 Gateway Mixed-Use PD

A destination-scale planned development on the Interstate 30 gateway

INTERSTATE 30 AT FM 2648 · ROYSE CITY, TEXAS

A cohesive planned development combining highway-oriented commercial uses with residential, hospitality, entertainment and open-space amenities across approximately 55 acres east of Dallas. Pricing, ownership and transaction terms are intentionally omitted.

~55 acres	19 lots	14.74 acres
GROSS SITE AREA	DEVELOPMENT PARCELS	RESIDENTIAL

Development Offering Memorandum

September 2026

EXECUTIVE OVERVIEW

A destination-scale mixed-use opportunity

Nineteen development parcels across approximately 55 acres, structured as one district rather than a row of separate pads.

The vision is an integrated gateway district of retail, restaurants, drive-through pads, hotels, entertainment, multifamily, townhomes and programmed open space, tied together by a shared internal circulation network, pedestrian connections and coordinated landscaping.

The planned development preserves flexibility for tenant requirements, lot-line adjustments, parking configurations and phased execution within the adopted framework.

Gross site area	~55 acres
Surveyed area	55.143 acres
Development parcels	19 lots
Hotel programme	2 sites, 2-acre commercial/hotel parcels
Residential	14.74 acres
Multifamily	8.34 acres
Townhomes	6.40 acres

ILLUSTRATIVE OVERALL BUILDOUT

LOCATION

Royse City and the east DFW growth corridor

The site sits along Interstate 30 in Royse City, east of Dallas, with regional connectivity across the Dallas–Fort Worth metro.

Frontage is an Interstate 30 frontage-road environment with connections through the FM 2646 and FM 2648 area. The regional graphic is provided for conceptual positioning.

REGIONAL POSITION, EAST OF DALLAS

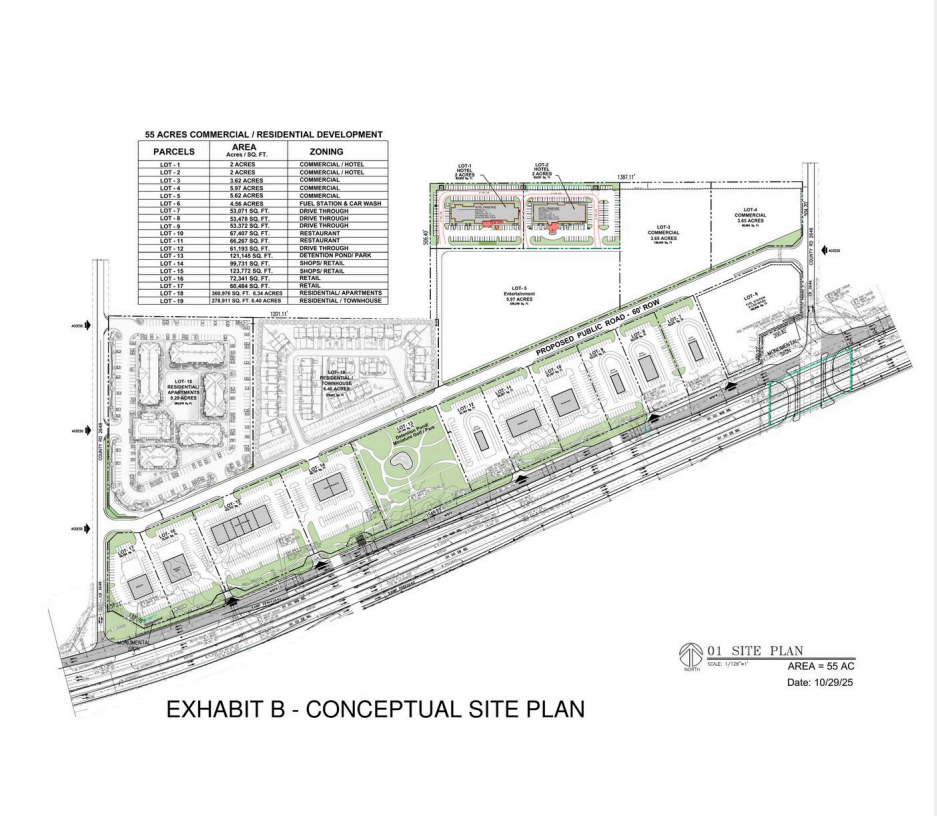

SITE AND ENTITLEMENT

A planned development framework

The PD establishes a mixed-use district over approximately 55 acres, transitioning the property from agricultural zoning.

A proposed 60-foot public right-of-way connects the development. Lot lines, footprints, driveways, parking and landscape areas may adjust as the project progresses, subject to PD standards.

The unified district covers commercial, retail, restaurant, hotel, entertainment, multifamily, townhome and open-space uses.

CONCEPTUAL SITE PLAN — CONSULTANT BRANDING REMOVED

DEVELOPMENT PROGRAMME

Conceptual parcel schedule

LOT	AREA	CONCEPTUAL USE
1	2.00 ac	Commercial / hotel
2	2.00 ac	Commercial / hotel
3	3.62 ac	Commercial
4	5.97 ac	Commercial
5	5.62 ac	Commercial
6	4.56 ac	Fuel station and car wash
7	53,071 sf	Drive-through
8	53,478 sf	Drive-through
9	53,372 sf	Drive-through
10	67,407 sf	Restaurant
11	66,267 sf	Restaurant
12	61,193 sf	Drive-through
13	121,145 sf	Detention pond / park
14	99,731 sf	Shops / retail
15	123,772 sf	Shops / retail
16	72,341 sf	Retail
17	60,484 sf	Retail
18	360,976 sf / 8.34 ac	Residential / apartments
19	278,911 sf / 6.40 ac	Residential / townhouse

Parcel areas and land-use designations are reproduced from the conceptual site-plan schedule. The PD and conceptual plans expressly allow adjustments to lot lines, building footprints, parking, driveways and landscape areas; the schedule is conceptual and should be verified against final plats and approvals. The survey identifies 55.143 acres against a stated PD area of approximately 55 acres.

LOT 13 — DETENTION POND AND PARK

MIXED-USE COMPOSITION

Multiple demand drivers, one district

Daily-needs retail, food and beverage, lodging, residential density, entertainment and community amenities in a single coordinated destination.

- Commercial — retail, shops, services, fuel and car wash
- Food and beverage — restaurants, cafés and drive-through formats
- Hospitality — two hotel sites with conceptual 99- and 106-room programmes
- Residential — multifamily and townhome neighbourhoods
- Entertainment — family recreation and programmed open space

RETAIL AND RESTAURANT STREETSCAPE

COMMERCIAL, FOOD AND BEVERAGE

Highway visibility and internal placemaking

The commercial district supports flexible retail, restaurant, service, medical, office and convenience formats, with cross-access and shared parking encouraged.

Lots 7, 8, 9 and 12 are designated for drive-through uses and lots 10 and 11 for restaurants. Multi-tenant pads may reorient toward internal drives with enhanced architecture, and retail, restaurant and service uses may convert without a PD amendment where square footage and parking remain compliant.

Cross-access is required where feasible, to reduce curb cuts and improve circulation.

ILLUSTRATIVE EVENING RETAIL AND DINING ENVIRONMENT

HOSPITALITY

Two hotel opportunities within the gateway

The conceptual plan reserves two two-acre commercial/hotel parcels and illustrates two hotel prototypes.

Hospitality standards call for enhanced guest drop-off and canopy, privacy screening for pools and courtyards, designated rideshare and shuttle pickup, and encouraged EV charging for guest use.

Hotel concept A	99 rooms
Floors	4
Gross area	57,341 sf
Parking	115 spaces
Hotel concept B	106 rooms
Floors	5
Gross area	63,321 sf
Parking	128 spaces

HOTEL CONCEPT — DAY

HOTEL CONCEPT — EVENING

INTERSTATE 30 GATEWAY

Approximately 55 acres, one district

RESIDENTIAL

Multifamily and townhomes inside the district

8.34 acres of multifamily and 6.40 acres of townhomes, placed within the same district as the retail, dining and services they support.

The multifamily parcel carries a density cap of 32 dwelling units per acre — the memorandum states approximately 267 units at the theoretical maximum, subject to final design and approvals — with heights up to 65 feet, minimum unit sizes of 580, 800 and 1,000 square feet, and a minimum 20% open space.

The townhome district is designed around pedestrian-scale streets, with a minimum lot of 22 feet by 90 feet, 1,400 square feet minimum conditioned area, a 35-foot height limit, groups of six to eight attached units, and two enclosed garage spaces per unit plus guest parking.

ILLUSTRATIVE TOWNHOME AND COMMUNITY AMENITY

STANDARDS

PD standards at a glance

STANDARD	REQUIREMENT
Maximum height, commercial	75 feet / 6 storeys
Front setback	10 feet minimum; 20 feet on Interstate 30
Primary materials	Minimum 60% brick, stone, architectural concrete, fibre cement or stucco
Façade articulation	Required every 40 feet
Public realm	Buildings of 25,000 sf or more require an outdoor plaza
Commercial landscape	Minimum 10% coverage
Retail parking	1 space per 300 sf
Restaurant parking	1 space per 100 sf of dining; shared parking allowed
Multifamily density	32 dwelling units per acre
Multifamily height	Up to 65 feet / 5 storeys
Minimum unit sizes	1BR 580 sf · 2BR 800 sf · 3BR 1,000 sf
Multifamily parking	1.0 / 1.5 / 2.0 spaces by unit type; 25% covered
Multifamily open space	Minimum 20%
Townhome lot	22 feet wide by 90 feet deep minimum
Townhome conditioned area	1,400 sf minimum
Townhome height	35 feet maximum
Townhome parking	2 enclosed garage spaces per unit plus guest parking
Internal roadway	Minimum 60-foot right-of-way
Sidewalks	Minimum 6 feet on both sides
Maximum block length	600 feet before a pedestrian connection
Street trees	Average 40-foot spacing along public frontage

Administrative flexibility covers shifting lot lines at platting, building footprints adjusting to tenant needs, modified parking configurations, relocated driveways and landscape areas shifted for grading. A major PD amendment is required to add or remove uses, expand residential acreage, increase permitted height, or substantially alter circulation or the land-use framework.
